

# EXPERIENCE SAN DIEGO FROM THE SKY

**PALOMAR**  
AVIATION

## DISCOVERY FLIGHT

YOUR INTRODUCTION TO FLYING

Embark on an unforgettable adventure with Palomar Aviation's Discovery Flight in a state-of-the-art Cirrus Aircraft! Perfect for aspiring pilots, this immersive experience lets you take the controls from the pilot's seat under the expert guidance of a Certified Flight Instructor (CFI). Your 2-hour journey includes about an hour of instructor time focused on preflight, checklists, radio work, and postflight. You will spend about an hour in the aircraft as you maneuver the SR20 G6 Cirrus Aircraft over the skies of San Diego! Discover the joy of flying today with a Discovery Flight at Palomar Aviation!

# YOUR FIRST STEPS TO BECOMING A PILOT

1

Book Your  
Discovery  
Flight

2

Plan Your  
Goals and  
Learning

3

Begin Your  
Flight  
Training

4

Advance  
To Your  
Solo Flight

5

Pass Your  
Written &  
Practical Test

6

Celebrate  
Your  
Achievement!

## DISCOVERY FLIGHT

Your instructor will also explain the path to earning your pilot's license and how to kickstart your flight training. Plus, you can log your flight in your logbook as you begin your journey to becoming a Pilot in Command (PIC).

## PILOT TRAINING

Obtaining a Private Pilot's License (PPL) is the first step for anyone aspiring to fly recreationally or pursue a career in aviation. A PPL allows you to fly day or night in visual conditions, carrying passengers while exploring thousands of airports across the country.
